I appreciate the activities held by ALSA LC Unsri, which are creative, collaborating and continue to explore knowledge, I hope that through this activity, we will continue to share and become a place to run because we are not just waiting for the ball, but we must always remember 3G (*gerak cepat, gerak bersama, garap semua potensi online*) Therefore, all the knowledge gained can increase the motivation and ability of legal experts towards a golden Indonesia. Always success for ALSA, especially ALSA LC Unsri.

I compliment the academic activities organized by ALSA like this, students carry out activities that can support academic activities, not just lectures in general. But here, ALSA can bring in speakers with different backgrounds and perspectives so that students can obtain various information related to understanding an issue. I appreciate ALSA

ALSA is good. ALSA has shown the ability of the younger generation to move forward. I have accompanied ALSA in a moot court, and I think that the quality of the members who have joined ALSA has shown achievement in the academic field.

I am proud that ALSA is active as to be an active organization at the dedicated public level. What is clear is that ALSA is a forum for students to understand more about law, establish close relationships among fellow law students throughout Indonesia and provide benefits to ALSA members and the community, and ALSA contributes to current issues.

**Dr. Mada Apriandi Zuhir, S.H., M.CL.**  
Vice Dean I FH Unsri (Founder ALSA LC Unsri)

ALSA was not only a student organization but a place of "growing up" to become a reliable law scholar. Through ALSA, I have developed intrapersonal and interpersonal skills that are invaluable to a professional career. More than that, I gained deep insights into law practice and a broad network of associates from Indonesia. I'm proud to be a part of ALSA. ALSA, Always be One!
